

Quakers in Yorkshire

Risk Management and Risk Register

As with other charities Quakers in Yorkshire is subject to a number of risks in its operational and investment activities. The general position, adapted from the Charity Commission advice, is as follows.

Risks are any events that could prevent the charity achieving its aims or carrying out its strategies. The types of risks a charity might face will depend on its size, funding and activities, among other factors. Some of the risks charities can face are:

- *damage to the charity's reputation*
- *receiving less funding or fewer donations*
- *losing money through inappropriate investments*
- *change in the government's policy on a particular issue, affecting grants or contracts*

Trustees should identify any potential risks that could prevent them meeting the needs of their beneficiaries, and have processes in place to assess and manage those risks. Having a rigorous process and a clear risk management policy helps ensure that:

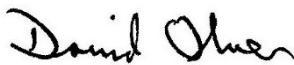

- *the identification, assessment and management of risk is linked to the achievement of the charity's objectives;*
- *all areas of risk are covered - for example, financial, governance, operational and reputational;*
- *a risk exposure profile can be created that reflects the trustees' views as to what levels of risk are acceptable;*
- *the principal results of risk identification, evaluation and management are reviewed and considered;*
- *risk management is ongoing and embedded in management and operational procedures.*

[For further details see the guidance in 'Charities and risk management' (CC26)]

In recognition of potential risks such as those listed above and the need to take action to minimise their occurrence the Trustees of Quakers in Yorkshire will undertake an annual risk assessment, using the Risk Register which is below. This exercise will include a regular review and update of the Risk Register.

All policies are reviewed every least every 3 year and some annually.

Signed

David Olver, Clerk of Trustees

Date: 20 September 2025

Quakers in Yorkshire Trustees Risk Register - 2025

	RISK	IMPACT	LIKELY-HOOD	Questions to ask when Managing and /Mitigating Risk	RESPONSES
