

# Feedback on questions: QiY January 2026

## 1. Language

Recognise the limitations of language.

Let our lives speak rather than rely on words.

Importance of non wordy communication and spirituality.

Importance of one-to-one communication.

## 2. Rules

Don't pretend there are no rules.

It's explaining "how we tend to do things" rather than "what we expect of you"

Explain the spirit behind the practice.

It's guidance rather than non-negotiable laws.

Maybe more "rules of the game". Enabling, rather than limiting

## 3. Models

Not "one size fits all". It depends!

Involve the whole Meeting in deciding on best model for pastoral oversight.
